FROM:

Office of Congressional Affairs

Attached is a draft views letter on S. 1721, the Intelligence Oversight Act of 1987. OME requested that we prepare this views letter.

I would appreciate obtaining your comments on the draft response. I assume your comments will be coordinated with the General Counsel. We will then send the letter to [redacted] Following review by Hotis, we may send the letter to the Director for his review, but not for his signature. If the Director approves the letter, we will send the letter to OME who will coordinate for the Administration.

STAT

Hearings by the SSCI on the bill maybe held as early as mid-November. It is likely the Director will be invited to testify. A portion of the hearing might be open to the public.

It is important that we receive OGC's views on this legislative proposal by COB 26 October.
